ORGANISING CHAIRMAN'S MESSAGE

A mindset of adaptability, innovation and *lifelong learning*

Dr. G. Ravindra

ORGANISING CHAIRMAN

DEAR COLLEAGUES,

It gives me immense pleasure to welcome you all to IACTS Technocollege CME 2026, being conducted under the aegis of the Indian Association of Cardiovascular and Thoracic Surgeons.

Technocollege is a timely initiative that brings together young surgeons, postgraduate trainees, experienced practitioners, innovators and technology leaders on a common platform. It is not simply a programme to learn new techniques; it is an opportunity to develop a mindset of adaptability, innovation and lifelong learning. The interactions, demonstrations and exchange of experiences during these three days will, I hope, inspire participants to look beyond the operating room of today and envision the possibilities of tomorrow.

Hyderabad provides a wonderful setting for this meeting. A city that seamlessly combines a rich cultural heritage with a rapidly growing ecosystem of medicine, technology, innovation and entrepreneurship, Hyderabad truly reflects the spirit of this conference. I warmly invite all delegates to experience not only the scientific programme, but also the legendary hospitality, culture, cuisine and warmth of Hyderabad.

I am confident that Technocollege 2026 will be an enriching experience—academically stimulating, professionally inspiring and personally memorable.

I look forward to welcoming each one of you to Hyderabad and to this exciting journey into the future of cardiothoracic surgery.

ORGANISING SECRETARY'S MESSAGE

The future is no longer something we are *waiting for*

Dr. Amaresh Rao Malempati

ORGANISING SECRETARY

DEAR COLLEAGUES,

Cardiovascular and thoracic surgery is witnessing an unprecedented transformation. Technologies that were once considered futuristic—minimally invasive and robotic surgery, advanced aortic interventions, mechanical circulatory support, organ transplantation, image-guided procedures and sophisticated thoracic techniques—are rapidly becoming part of contemporary surgical practice. The future is no longer something we are waiting for; it is already happening in our operating rooms.

It is with this conviction that we present IACTS Technocollege CME 2026, under the aegis of the Indian Association of Cardiovascular and Thoracic Surgeons (IACTS). Conceived primarily for postgraduate students and young surgeons in the early stages of their careers, Technocollege is designed to bridge the gap between conventional surgical training and the rapidly evolving technological landscape of our specialty.

We believe that young surgeons should not have to wait until they are established in their careers to encounter the technologies that are transforming our specialty. Technocollege is therefore conceived as a platform to expose, train, question, interact and innovate. More importantly, it brings together young surgeons and pioneers of the field, creating an environment where experiences can be shared, ideas challenged and the learning curve shortened.

Technocollege 2026 is not merely about predicting what cardiac and thoracic surgery will look like tomorrow. It is about experiencing the technology that is already shaping it today.

The future is now. And we invite you to be a part of it.

ABOUT THE CME

Built for the surgeons who will practise the next decade.

Conceived primarily for postgraduate students and young surgeons in the early stages of their careers, Technocollege is designed to bridge the gap between conventional surgical training and the rapidly evolving technological landscape of our specialty.

The programme begins on Day Zero with the Pre-conference Hands-on Workshops at Nizam's Institute of Medical Sciences, Hyderabad, providing postgraduate trainees with an opportunity to develop and refine essential surgical skills. Through focused practical sessions on vascular and coronary anastomosis, valve replacement techniques, CABG and Aortic surgical planning, participants will learn not merely what to do, but how to think through a surgical procedure.

The following two days at Dr. Marri Channa Reddy Human Resource Development Institute will take participants beyond conventional CME learning. The scientific programme is structured around four major domains shaping the future of our specialty: Minimally Invasive and Robotic Cardiac Surgery; Aortic Surgery; Heart-Lung Transplantation; Complex Congenital and Thoracic Surgery, including VATS and Robotic Thoracic Surgery.

A distinctive feature of Technocollege will be the Breakthrough Sessions, where industry partners and technology innovators will showcase emerging technologies and demonstrate their real-world applications. These sessions are intended to provide participants with an opportunity to see, understand and critically evaluate technologies that may define their practice in the years ahead.

Technocollege 2026 is not merely about predicting what cardiac and thoracic surgery will look like tomorrow. It is about experiencing the technology that is already shaping it today.

23 — 25 October 2026 · Hyderabad, India
Convened by Department of CTVS, NIMS Hyderabad
Under the aegis of the Indian Association of Cardiovascular-Thoracic Surgeons

SCIENTIFIC HIGHLIGHTS

Eight *highlights*

The eight areas the programme is built around, as published by the organising committee.

01

Hands-On

SURGICAL WORKSHOPS & LIVE DEMONSTRATIONS

- Cadaveric & simulation based workshops
- Live surgical demonstrations by experts
- Real-time guidance and feedback

02

Next-Gen Technology

PLENARY SESSIONS & DIDACTIC LECTURES

- Cutting-edge innovations in cardiothoracic surgery
- Evidence-based updates from global experts
- Emerging technologies shaping the future

03

Scientific Exchange

INTERACTIVE SCIENTIFIC PANELS

- Debates & discussions on current controversies
- Multidisciplinary knowledge sharing
- Case-based learning sessions

04

Collaboration

NETWORKING DINNER & SCIENTIFIC INTERACTION

- Connect, collaborate & build the future together
- Networking with national & international faculty
- Strengthening professional partnerships

05

Young Surgeons' Forum

A PLATFORM FOR EMERGING TALENT

- Platform for young talent to present & interact
- Encouraging research & new ideas
- Mentorship & career guidance

06

Best Paper & E-Poster Awards

RECOGNITION OF EXCELLENCE

- Recognition of excellence in research
- Encouraging innovation & academic growth
- Rewarding impactful contributions

07

PG Quiz

FOR POSTGRADUATE TRAINEES

- Quiz for postgraduate trainees
- Test your knowledge of cardiothoracic surgery
- Compete with peers from across the country

08

Global Perspective

INTERNATIONAL FACULTY & COLLABORATIONS

- International faculty & global collaborations
- Insights into the future of cardiothoracic surgery
- Benchmarking best practices worldwide

PROGRAMME OVERVIEW

Three days, *two venues*

Day 0

23 October

Pre-conference hands-on workshops · NIMS Hyderabad

Days 1 & 2

24 & 25 October

Scientific programme · Dr. MCR HRD Institute

Theme

The Future Is Now !

Science · Skill · Innovation

The detailed scientific agenda will be published soon

Session timings and faculty are being finalised by the scientific committee. The full programme will be published on the conference website.

IACTSTECHNOCOLLEGECME2026.COM/PROGRAMME

PRE-CONFERENCE WORKSHOPS

Day 0 · *23 October*

Hands-on sessions at NIMS Hyderabad for postgraduate trainees and young surgeons. Places are limited and allocated with registration.

THE TRACKS

01
Applied Anatomy of Heart
HALL A

02
Coronary Anastomosis
HALL A

03
Valve Replacement
HALL A

04
Proximal Coronary Anastomosis Contest
HALL A

05
Sizing and Planning for FET — Aortic Aneurysm and Dissection
HALL B

06
Deployment of FET
HALL B

07
MICS CABG Planning & Demo Workshop Simulator
HALL B

08
Endoscopic Saphenous Vein and Radial Artery Harvest Simulation
HALL B

SKILLS COVERED

- Vascular and coronary anastomosis
- Valve replacement techniques
- CABG surgical planning
- Aortic surgical planning

Workshop schedule yet to be finalised

Select your workshop preference in the registration form; the secretariat will write to confirm your place. Per-track seat counts to be announced.

REGISTRATION

Registration *fees*

Charged at the tier active on the date payment is received. All amounts in Indian rupees, inclusive of GST.

CATEGORY	EARLY BIRD TILL 04 OCT 2026	STANDARD TILL 15 OCT 2026	SPOT REGISTRATION TILL 25 OCT 2026
Resident / Trainee	**₹3,000**	₹5,000	₹7,000
IACTS Member	**₹5,000**	₹7,000	₹10,000
Non-Member	**₹7,000**	₹9,000	₹12,000

WHAT YOU GET WITH YOUR REGISTRATION

Access to workshops	**Access to abstract submission**	**Free accommodation for Early Birds**
Breakfast on Days 2 and 3	**Lunch on Days 1, 2 and 3**	**Banquet dinner on Day 2**

Early Bird includes complimentary twin-sharing accommodation at the venue, until 04 Oct 2026. Concessional categories require proof of eligibility.

REGISTRATION

How to *register*

01

Register online

Complete the delegate form on the conference website.

02

Pay the fee

Transfer by NEFT, IMPS or UPI using the details below.

03

Attach your proof

Enter the UTR reference and upload the payment screenshot. Both are required.

04

Receive confirmation

The secretariat issues your registration ID and QR pass by email.

ABSTRACTS

Abstract *submission*

Abstracts and case reports are invited for the scientific programme. Conference registration is mandatory before you submit, and submission is online only.

LAST DATE FOR SUBMISSION

15 October 2026

01 Conference registration is mandatory for abstract submission.

02 The first name in each abstract should be that of the presenting author.

03 All abstracts/case reports must be submitted in English.

04 Abstract in brief includes aim, materials and methods, results, conclusion & clinical significance.

05 For case reports, introduction, case presentation, discussion & conclusion should be included.

06 Abstract in comprehensible English typed in Microsoft Word, Calibri font, size 14, not more than 500 words.

07 The abstracts should not have been presented or published in any other conference.

08 Only the presenting author will be entitled to get a certificate.

09 Abstracts/case reports submitted will be sent to the scientific committee for review and acceptance.

10 Final date for submission is 15 October 2026.
